TO OUR FRIENDS

One of our guiding principles is to work in partnerships. Our foundation believes we can multiply our efforts and resources by joining forces with those we serve and organizations who share our vision.

Through our partnerships with the Missouri State Highway Patrol, healthcare professionals from Research Medical Center, and our ThinkFirst injury prevention VIP speakers, our Young Traffic Offenders Program (YTOP) educated more young drivers in 2021 than any previous year. We furthered our injury prevention efforts by supporting Charlie's House to help keep children safe in their homes.

Our support for nursing and allied health students expanded to support students studying to become medical assistants through a partnership with Concorde Career College. These students are graduating and being placed in physician offices throughout greater Kansas City.

Perhaps there is no more meaningful partnership than when a donor wants to create a scholarship fund to encourage those interested in the health care field. Last year, two new nursing scholarship endowment funds were established through The Research Foundation. The Marie E. Middleton Nursing Scholarship and the Florence Ball Stillman Nursing Scholarship were created to honor former nurses.

In addition to nursing funds, the Dr. Kelley Young Memorial Fund was created after the passing of Dr. Young, a beloved oncologist at Research Medical Center. Family, friends, and colleagues established this fund for the care and support of cancer patients in need. We also partnered with Swope Health to offer mammograms for women without health insurance.

In 2021, The Research Foundation invested in health-centered programs and partnerships that benefit health care students and professionals, patients, and people in the Kansas City community. This is because of our donors and the power of partnerships. We want to thank all our contributors and partners for their continued investment in our mission and in the health of our greater community.

Marie E. Middleton Scholarship

The Marie E. Middleton Scholarship was established through The Research Foundation with a \$100,000 donation by Bob Middleton. The scholarship was established to honor his mother's dedication to the nursing profession and her drive to constantly learn and improve.

Marie E. Middleton was born Marie Ethel Wenger in Leavenworth, Kansas on November 14, 1914. She was the seventh of nine children and grew up on the family farm with her brothers and sisters outside of Basehor, Kansas. After graduating from Tonganoxie High School in 1933, Marie entered the Research Hospital Nursing Program. She graduated with her RN in 1936.

She worked at Research Hospital and Menorah Hospital until joining the US Navy during World War II, where she learned anesthesia. After her military service, she practiced as a nurse anesthetist in Kansas City specializing in children's anesthesia until her retirement in 1979.

Marie held a lifelong love for her profession, her colleagues, and the patients that she cared for. She was smart, compassionate, loyal, and brave. She was profoundly grateful for the training, friendships, and opportunities that her Research experience provided. Bob has established the Marie E. Middleton Scholarship to help others realize their dreams and make the world a better, more caring place.

“Professionals who dedicate themselves to the medical field require and deserve our support. My desire for future recipients of this scholarship is to honor the legacy of my mom by demonstrating the characteristics she possessed and so passionately pursued.”

- BOB MIDDLETON
Established the Marie E. Middleton Scholarship through The Research Foundation in 2021

“These scholarships allowed me to focus more on my academics than my finances. They have made me feel supported through nursing school, knowing that others are encouraging and supporting me through my education.”

-BRIANNA EVERTS
William Jewell College
nursing student

“I am extremely passionate about helping individuals and because of this scholarship, I am closer to fulfilling my dreams of becoming a nurse.”

-CARMALETA DAVIS
Avila University nursing student

“The Research Foundation empowers students by providing financial aid, exemplifying the importance of education so that they feel competent and credible to enter the workforce.”

-VANESSA ROSQUETA
Research College of Nursing student

Nursing Student Scholarships

The Research Foundation awarded scholarships to students accepted into the traditional nursing programs at Avila University, Research College of Nursing, and William Jewell College. A total of \$255,771 was provided in 2021.

Undergraduate nursing students preparing for their junior and senior years in the three nursing programs were eligible to apply. Scholarships were awarded based on academic performance or financial need.

The past year has shown the tremendous role nurses play in creating a healthy community. As these nursing students prepare to become essential health workers, The Research Foundation continued to support them and provide a path to this vital profession.

EXPLORE RCON
The Research Foundation offered a unique experience for high school students interested in nursing by providing funding for Explore RCoN, Research College of Nursing's summer nursing camp. Through a grant from the R.A. Long Foundation, The Research Foundation provided support for student scholarships and other materials needed for Explore RCoN.

Explore RCoN is a three-day immersive nursing experience for high school juniors and seniors. During the first two days, students have the opportunity to learn about different nursing careers and get hands-on nursing experience. The third day is spent shadowing a professional nurse at Research Medical Center. The program is designed to help students explore the field of nursing as a potential future career.

Research College of Nursing Dean, Dr. Rebecca Saxton, and Research College of Nursing President, Dr. Thad Wilson, present a white coat to a nursing student.

Financial Assistance for Nursing Students

WHITE COATS

The Research Foundation funded white coats for nursing students at Research College of Nursing and William Jewell College as well as the jackets Avila University students receive at their Commitment Ceremony. The White Coat and Commitment Ceremonies begin an exciting chapter of a student's nursing journey and marks their entrance into the nursing profession. The ceremony emphasizes the importance of compassionate patient care at the very start of health care education while the coat symbolizes a commitment to high quality care. The Research Foundation's contribution is playing a significant role in the next step of students' nursing education.

NURSING LAB KITS

The Research Foundation funded the purchase of lab kits for 87 nursing students entering their junior year at Research College of Nursing, Avila University, and William Jewell College. Lab kits include items like stethoscopes, blood pressure cuffs, PPE, IV fluids, catheters, and many other materials. With the funding of nursing lab kits, The Research Foundation is providing essential educational tools to enhance these student's nursing school experience.

"I've learned that the little things really do add up. This support has allowed me to focus on my academics at the start of one of the most important semesters of nursing school."

-MADDIE PICKENS

Received a nursing lab kit scholarship from The Research Foundation in 2021

Nursing Faculty Development

The Research Foundation provided scholarships, awards and grants to nurse educators on faculty at Research College of Nursing, Avila University, and William Jewell College in 2021.

DOCTORAL STUDY

Enhancing the recruitment and retention of doctorally prepared nurse educators in Kansas City by funding individuals pursuing a PhD, EdD, or DNP.

- Pamelia Bertrand**, MSN, Research College of Nursing
- Tiffany Condren**, MSN, William Jewell College
- Rosalía Molina**, MSN, Research College of Nursing
- Julia Payne**, MSN, Research College of Nursing
- Patricia Richter**, MSN, William Jewell College
- Sarah Schlanker**, MSN, Research College of Nursing
- Tobey Stosberg**, MSN, Research College of Nursing
- Camille Williams**, MSN, Research College of Nursing

CONTINUING EDUCATION

Encouraging continuing education opportunities for Kansas City nursing faculty.

- Tiffany Condren**, MSN, William Jewell College
- Heather Lewis**, PhD, Research College of Nursing
- Angela Yanez**, DNP, Avila University

TEACHING EXCELLENCE

Celebrating nursing faculty members who make an impact at their college or university.

- Megan Ashcraft**, MSN, Avila University
- Sarah Schlanker**, MSN, Research College of Nursing
- Melissa Timmons**, MSN, William Jewell College

OUTSTANDING COMMUNITY SERVICE

Honoring faculty members who are involved in outstanding service to the community.

- Rebecca Cahill**, DNP, Research College of Nursing
- Patricia Richter**, MSN, William Jewell College

“Completing my doctoral degree in Higher Education Leadership was essential for my growth as an educator and leader in nursing education. The support from The Research Foundation helped to make that accomplishment possible.”

-CHRISTY HAMMOND, EdD
Received a doctoral study scholarship from The Research Foundation

SCHOLARLY ACHIEVEMENT

Recognizing nursing faculty members who are advancing the teaching, research and practice of nursing.

- Annette Behney**, DNP, William Jewell College
- Tobey Stosberg**, MSN, Research College of Nursing

DR. NANCY O. DEBASIO FACULTY LEADERSHIP AWARD

Honoring nursing faculty who exhibit the four pillars of heroic leadership: self-awareness, ingenuity, heroism and love.

- Glenna Mahoney**, PhD, Research College of Nursing

“As a retired State Highway Patrol Trooper, I know the importance of traffic safety. Young Traffic Offenders Program (YTOP) is inviting and casual but done by professionals in the medical and law enforcement communities. It is a great program that provides excellent information to young traffic offenders on the importance of traffic safety and making good choices while driving. The positive impact it has on the lives of those attending the class is immeasurable.”

- PAUL BEHM

*Traffic Diversion Case Manager for the
Johnson County District Attorney's Office*

Injury Prevention for Youth

YOUNG TRAFFIC OFFENDERS PROGRAM

The Research Foundation's Young Traffic Offenders Program (YTOP) educated 761 young drivers, more than any previous year, in 2021. The program continued to reach young drivers with a new structure. During the pandemic, YTOP was moved out of trauma centers and into a classroom setting where attendees still hear the unique perspective of healthcare professionals, law enforcement, and car crash victims. The course has continued to teach drivers about making safe decisions behind the wheel.

Participants begin the class by following the path of a car crash victim at a trauma center. Hospital staff share their experiences with crash victims in the emergency room, radiology, intensive care and physical therapy. Students meet young people who have suffered from permanent brain or spinal cord injuries as a result of a motor vehicle crash. Missouri State Highway Patrol Troopers talk about working crash sites and making death notifications to families. At the end of the program, attendees are required to write a one-page essay describing what they learned and how their driving habits will change.

CHARLIE'S HOUSE

The Research Foundation awarded Charlie's House \$22,000 for their Safe Now, Safe Later program in 2021. Charlie's House was established and serves as a resource for families seeking safety and injury prevention information. Safe Now, Safe Later focuses on families with children from income-challenged homes in the Kansas City area.

The Safe Now, Safe Later program helps families in temporary housing understand the importance of practicing safety precautions once they are established in a permanent home. Charlie's House works directly with groups providing transitional housing and identifies safety devices needed to make each living unit safe for children. Once more permanent housing is established, each family is encouraged to take their safety devices into their new home.

Hebrew Academy
student.

THINKFIRST
The Research Foundation provided 42 virtual and in-person ThinkFirst injury prevention programs to 30 Kansas City area schools in the 2020-2021 school year. The program stresses protecting the brain and spinal cord by covering topics like seat belt and helmet usage, water safety, speeding, distracted and impaired driving, pedestrian and bicycle safety, and avoiding violence. ThinkFirst speakers are survivors of traumatic brain or spinal cord injuries that teach students the consequences of careless decisions while urging them to make safe choices.

**OPERATION
BREAKTHROUGH**

The Research Foundation's injury prevention program, ThinkFirst of Greater Kansas City, participated in Operation Breakthrough's Juneteenth celebration by providing free bicycle helmets and fittings.

Through funding from Destination Safe, The Research Foundation and ThinkFirst gave nearly 100 helmets to students at Operation Breakthrough. Members of The Research Foundation and Research Medical Center trauma staff fitted helmets for each child by following a sizing guide that properly protects the brain and focuses on the eyes, ears, and chin. After receiving a helmet, students were given the opportunity to select a refurbished bicycle from The 816 Bike Collective.

Support for Cancer Care

VERDA'S PLACE

Verda's Place is an appearance center for uninsured and underinsured cancer patients in the Kansas City community.

The Research Foundation partners with Bra Couture KC to provide Verda's Place. Located in the Sarah Cannon Cancer Center at Research Medical Center, Verda's Place offers wigs, hats, scarves, bras, and other items for cancer patients. Support is also available for utilities, food cards, medications, and nutritional supplements for these patients as well as lymphedema services and prosthetics. In 2021, 53 cancer patients received assistance through Verda's Place.

"The gift cards I received from Verda's Place for groceries and gas allowed me to save money and use my resources for other essentials during treatment."

-EUGENIA PEARSON

Received Verda's Place assistance in 2021

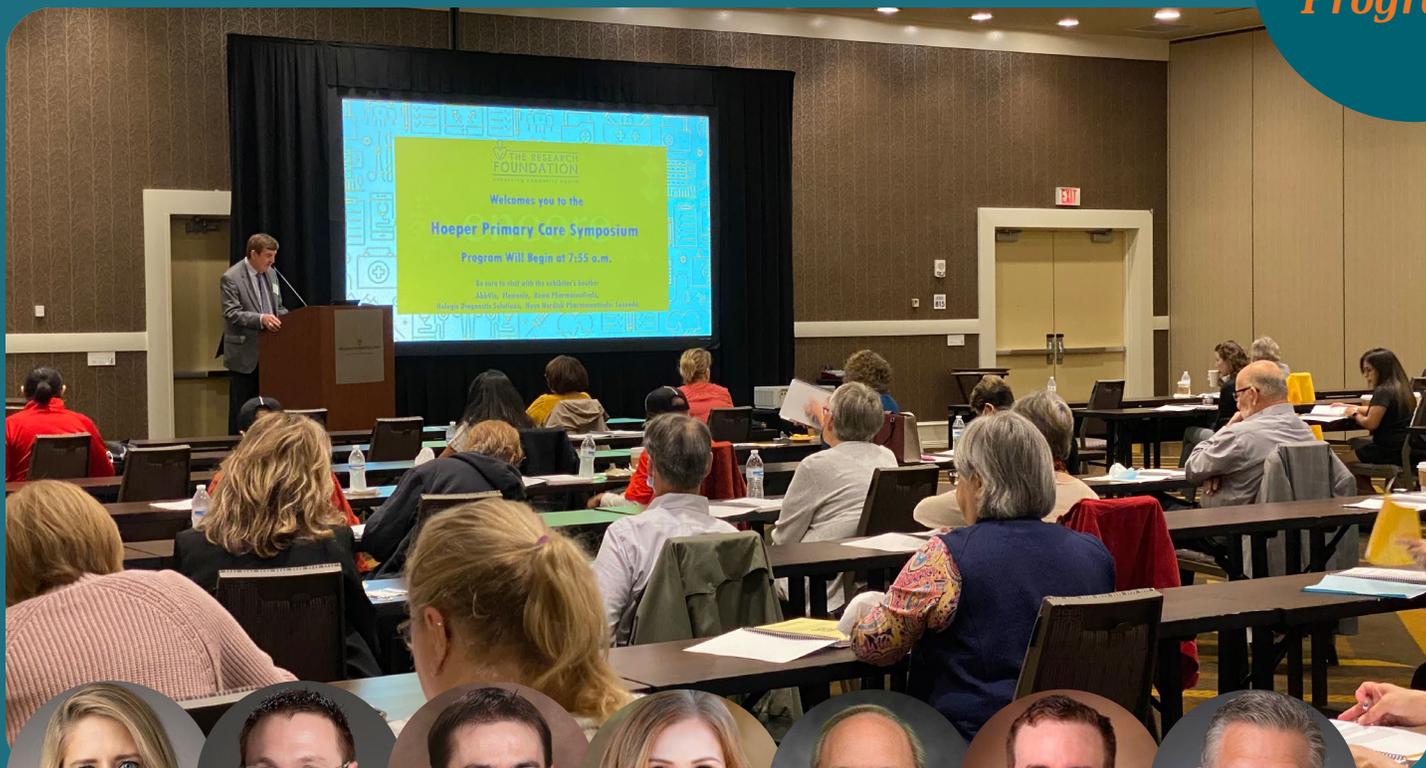

DR. KELLEY YOUNG MEMORIAL FUND

Family and friends of oncologist Dr. Kelley Young established the Dr. Kelley Young Memorial Fund through The Research Foundation to further expand support for cancer patients in need.

SWOPE HEALTH

The Research Foundation formed a partnership with Swope Health to fund screening and diagnostic mammograms for women 40-years-old or older without health insurance. In 2021, The Research Foundation's funds were used to perform mammograms for 177 women.

Erica Dailey, DO; Aaron Doonan, MD; Ryan Hegg, MD; Hillary Hopkins, MD; Joel McKinsey, MD; Marc Roth, MD; and Daniel Schaper, MD spoke at the 2021 Hoeper Primary Care Symposium.

John Chipko, MD; Ajay Eshcol, MD; Ashish Kulhari, MD; Matthew Pierson, MD; Rajendran Sabapathy, MD; and Jeffrey Simpson, MD spoke at the 2021 Time Critical Diagnosis Symposium.

The Research Foundation hosted two in-person symposiums in 2021. The Hoeper Primary Care Symposium is hosted annually with moderation by Dr. Sam Hoeper, Jr. and Dr. Anne Sly. The second symposium, the 2021 Time Critical Diagnosis Symposium, was planned with the help of Dr. Ajay Eshcol, Dr. Ashish Kulhari, and Dr. Jeffrey Simpson.

The Research Foundation partners with the Ed Bixby Institute for Postgraduate Medical Education and Kansas City Southwest Clinical Society to provide symposiums for area health care professionals. Funding to support these symposiums is made possible from the J.B. Reynolds Foundation and the Research Medical Center Medical Staff.

Continuing Medical and Nursing Education Symposiums

Allied Health Scholarships

Left: Terron Briggs, Nuclear Medicine Technology Scholarship recipient; Right: Amber Harmon, Doctor of Physical Therapy Scholarship recipient.

“The Research Foundation scholarship helped me maintain my finances not only for my medical assisting journey, but provided balance in my personal life as well. I worried less about bills, expenses, and my reduced work schedule so I could succeed in my externship.”

-MICAELA HARRIS
Concorde Career College medical assisting student

The Research Foundation has awarded \$131,525 in scholarships to allied health students. In 2021, The Research Foundation established a new partnership with Concorde Career College - Kansas City to develop a scholarship program for medical assistant students. The scholarships are aimed to help students meet academic and financial obligations while completing their externships. These externships are unpaid, making it nearly impossible to work the last two months of the program. The Research Foundation began this scholarship program to prevent students from dropping out during their externship. 92% of students supported in 2021 have completed their externship, passed their exam, and are now working as medical assistants serving patients throughout our community. In addition, The Research Foundation supported allied health students pursuing the following specialties at these institutions.

- DOCTOR OF PHYSICAL THERAPY**
Rockhurst University, University of Kansas, University of Missouri-Columbia
- MEDICAL ASSISTING**
Concorde Career College - Kansas City
- NUCLEAR MEDICINE TECHNOLOGY**
Research Medical Center School of Nuclear Medicine
- RADIOLOGIC TECHNOLOGY**

Research Golf Classic

The 32nd Annual Research Golf Classic raised nearly \$85,000 in net proceeds for The Research Foundation's health education and scholarship programs.

The annual Golf Classic was hosted at Milburn Country Club in Overland Park, Kansas Monday, August 16. Major sponsors included Research Medical Center, LabCorp, AT Abatement, Blue Cross and Blue Shield of Kansas City, Davis Construction Group, Flooring Systems, Inc., Heartland Electric Corporation, Hospice Care of VNA, Integrated Opening Systems, and JE Dunn Construction.

Golfers enjoyed several activities throughout the day including a lunch sponsored by Ascentist Ear, Nose & Throat and Schindler Elevator Corp, Italian sausage compliments of Scimeca's, root beer floats compliments of Belfonte, beverages compliments of County Beverage and Pepsico, and snacks compliments of Canteen Vending. The round of play was followed by a cocktail hour sponsored by Clarkson Construction Company, and street tacos.

Research Royal Dinner & Auction

The Research Foundation's supporters celebrated nursing students Saturday, November 13 at the Research Royal Dinner & Auction: Night Shift, A Benefit Under the Stars. The event raised more than \$120,000 in net proceeds for nursing student scholarships. Every dollar will be awarded to those enrolled in the nursing programs at Avila University, Research College of Nursing, and William Jewell College.

The Research Royal Dinner & Auction included cocktails, dinner, and music by KC Flo. Attendees had the opportunity to participate in a 50/50 raffle, wine pull, and silent auction. Ann Leiber, a senior at Research College of Nursing and recipient of an undergraduate nursing student scholarship from the foundation, delivered opening remarks regarding her journey to nursing and how the scholarship enhanced her nursing school experience. Research School of Nursing Class of 1977 graduate, Terry Miller, provided the invocation.

Top sponsors included Research Medical Center, UMB Bank, and LabCorp. Other major sponsors include JE Dunn Construction, David E. Ross Construction, Anesthesia Associates of Kansas City, Heartland Electric Company, Kansas City Gastroenterology & Hepatology Physicians Group, Tom and Muffet Harmon, and Walgreen's Pharmacy. Dr. Vijay Parthiban won \$2,300 in the 50/50 raffle and donated it to The Research Foundation for nursing student scholarships.

Memorial and Honorary Gifts

A wonderful way to remember your loved one who has passed away is by designating memorial contributions to The Research Foundation. Memorial contributions may be designated to support our nursing or allied health scholarships, programs such as Verda's Place and the Dr. Kelley Young Memorial Fund that serve low-income cancer patients, or any of our health education and scholarship programs. A gift to The Research Foundation is also a wonderful way to honor a physician, nurse, or other professional that cared for you.

*Research
 Medical Center
 employees celebrated
 ECHO Week
 June 7-11, 2021. Every
 member of the ECHO
 Team receives an ECHO
 Week t-shirt each
 year.*

*The
 Employees
 Contributing to Help Others
 (ECHO) Team provided assistance
 to Research Medical
 Center employees with assistance from
 \$500 to \$2,000 in 2021. The Research
 Foundation's Employee Assistance Fund
 provides support to employees
 in emergency financial need. The fund is
 exclusively funded by employee
 contributions.*

The Research Foundation annually presents continuing education awards to health care professionals at regional hospitals. In 2021, two Golden Valley Memorial Healthcare employees received the awards.

Cara Gruenwald is the 2021 recipient of the Hal M. Quinn Excellence in Nursing Award and Jodi Davidson is the 2021 recipient of the Kathy DeGrande Award for Excellence.
