

2025 HOEPER PRIMARY CARE SYMPOSIUM

8 A.M. TO 4:30 P.M.
SEPTEMBER 26, 2025
SHERATON OVERLAND
PARK HOTEL

JOINTLY SPONSORED BY

Dr. Sam Hoeper, Jr. describes his father as a humanitarian. He committed himself to education and had a desire to help people. Dr. Hoeper, Jr. carries on his father's legacy in medicine and also helps to organize this annual symposium.

DR. SAM HOEPER, SR.

Dr. Sam Hoeper, Sr. practiced medicine at Research Medical Center for 47 years, but before his career as a doctor began he was a teacher, principal, and coach. As a man who valued education, he was dedicated to providing others opportunities to learn. Dr. Hoeper, Sr. passed away in August 2008. He established the Hoeper Bixby Fund through The Research Foundation to provide support to host medical symposiums and conferences for the benefit of the local medical community – and the thousands of patients served by healthcare professionals.

Urology Care

PLANNING COMMITTEE

Angie Case, RN, MBA, NE-BC
HCA Midwest Health

Sam D. Hoeper, Jr., MD

Cynthia A. Randazzo
The Research Foundation

Anne K. Sly, MD

Ruth Smerchek, MNM
Kansas City Southwest Clinical Society

EDUCATIONAL OBJECTIVES

At the conclusion of this activity, attendees should be able to:

- Identify common causes of upper and lower gastrointestinal (GI) bleeding in various patient populations.
- Describe key diagnostic tools and treatment options for managing upper and lower GI bleeding.
- State new hypertension guidelines and changes in recommended therapy.
- Describe the workup and implement treatment of hypertension in the primary care setting.
- Diagnose depression and anxiety in an outpatient primary care setting.
- Comfortably use common antidepressants and anxiolytics in outpatient management of depression and anxiety.
- Efficiently refer complex or poorly responsive patients to a psychiatrist and/or psychotherapist.
- Explain recent updates in prostate cancer screening, including changes to PSA guidelines.
- Describe new and emerging treatment options for prostate cancer.
- Discuss the role of vaccines in extending life expectancy and improving health in older adults.
- Address common patient concerns and provide updates on adult vaccines, including shingles and HPV.
- Discuss the value, evolution, and history of Mohs surgery in the treatment of skin cancer.
- Know when to refer patients for Mohs surgery based on clinical signs of skin cancer.
- Classify types of pain through patient history to guide targeted treatment.
- Apply non-opioid strategies for effective and evolving pain management.

DISCLOSURE OF FACULTY & PROVIDER RELATIONSHIPS

All faculty and planning committee members participating in this course are required to disclose to participants any relationship, including financial interest or affiliation with a commercial company. Full disclosure of faculty & planning committee relationships will be made available to participants in conference materials.
