Safety for your students!

Award-winning, age-appropriate, **FREE** programs for grades K-12!

ThinkFirst of Greater Kansas City is part of a national, award-winning program that offers free, age-appropriate programs. Health educators and brain or spinal cord injury survivors present the importance of making safe choices by preventing injuries to the brain or spinal cord. The presentations cover a variety of topics including distracted driving, promoting seat belt usage, pedestrian and bicycle safety, e-scooter awareness, sports and recreation safety, helmet usage, motor-vehicle safety, water safety, and avoiding violence.

WHAT SCHOOLS HAVE TO SAY.

"We are so grateful that ThinkFirst was able to present at our school! Our students loved it and received important, relevant information about how to keep themselves safe. I would absolutely recommend this to other schools."

Dear School Leader,

We hope you and your students enjoyed a safe summer and are ready to kick off the school year!

We are now scheduling **FREE, award-winning ThinkFirst assemblies** for the 2026–2027 school year and would value the opportunity to bring this impactful program to your students. **ThinkFirst** is a 45-minute injury prevention assembly for students in grades K–12. Led by a health educator and a **Voices for Injury Prevention (VIP)** speaker—someone living with a permanent brain or spinal cord injury resulting from a preventable crash—the program combines science with a powerful personal story to help students make safer choices.

As a trauma surgeon, I have seen firsthand the life-changing consequences of brain and spinal cord injuries. Because unintentional injuries remain a leading cause of death and disability among children and teens, prevention education can make a lasting difference. Students consistently leave **ThinkFirst** with practical strategies they remember long after the assembly ends.

Thanks to the generosity of our funders, **there is no cost to your school**, and scheduling is quick and simple. **ThinkFirst** of Greater Kansas City has been educating children and teens since 1987 and during the 2025-2026 school year more than 13,500 youth in our local community heard the **ThinkFirst** message of prevention. **Give your students the opportunity to learn practical, life-saving strategies that can help prevent serious injuries and encourage safer choices every day!**

To reserve your preferred date, contact us at **thinkfirst@theresearchfoundationkc.org** or 816-276-4955. Learn more by visiting theresearchfoundationkc.org/thinkfirst. Funding is limited, so we encourage you to schedule early.

Sincerely,

Stephanie Lumpkin
